License agreement about the use of the Nameling dataset

The undersigned,

Name: ....

Institution: ....

Address: ....

Telephone: ....

Fax: ....

E-mail: ....

Website: ....

agrees to the following conditions about the use of the Nameling dataset:

1. The dataset may be used for noncommercial, research purposes only.
2. The dataset may not be given to third parties.
3. No attempts will be made to recover personal information such as e-mail addresses or user IDs of anonymized users represented in the dataset.
4. Results obtained from the data set may only be published with anonymized user IDs; no real user IDs may be used.
5. Should results obtained from the Nameling dataset be published, the undersigned agrees to notify the Knowledge and Data Engineering Group about the publication and provide a copy (PDF file) of the publication at the time of publication (e.g., the conference date).
6. If you use this data, you must cite the following article:
    Folke Mitzlaff, Stephan Doerfel, Andreas Hotho, Robert Jäschke, and Juergen Mueller. *"Summary of the 15th discovery challenge: Recommending given names".* 15th Discovery Challenge of the European Conference on Machine Learning and Principles and Practice of Knowledge Discovery in Databases, volume 1120, pages 7–24, Aachen, Germany, January 2014. CEUR-WS. URL http://ceur-ws.org/Vol-1120.
7. If you want to refer to the system, please use the following publication:
    Folke Mitzlaff and Gerd Stumme. *"Namelings - Discover Given Name Relatedness Based on Data from the Social Web".* 4th International Conference on Social Informatics, SocInfo 2012, volume 7710 of Lecture Notes in Computer Science, pages 531–534, Berlin / Heidelberg, Germany, 2012. Springer. DOI: 10.1007/978-3-642-35386-4_39.
